## Facility Emergency Management

**N**o matter what kind of incident occurs at a facility - whether fire or mass shooting - an organization's emergency managers must be prepared to take steps to protect those within the facility.

This new program helps companies to create and implement a facility action plan. It covers the emergency management structure, roles of the emergency management team, actions to maintain control of an incident, and working with emergency responders. The Model Procedures Guide on CD-Rom includes Powerpoints, a copy of the script, job action sheets, and extra resources to help set up a plan. **DVD plus Guide on CD-Rom. \$325.**

## Active Shooter: Rapid Response

### *Planning & tactics to reduce the impact of a mass shooting event*

**I**n an active shooter incident, standard safety protocols do not apply. Response personnel must act quickly and decisively, and do not have time to wait for the SWAT team. This important new program provides compelling training that is ideal for all public safety personnel. Among the topics covered:

- Actions for the first arriving officer
- Perimeter control
- Rescue teams
- Strategies & tactics
- Deadly force
- Triage
- Bonus segment on Tactics.

A separate Instructor CD-Rom includes extra resources to help present a seminar. **DVD plus Instructor CD-Rom-\$425.**
