

# Operations Level:

## Mission Specific Competencies

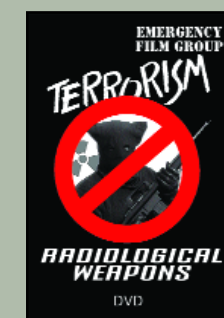

Hazmat/WMD Operations Level responders must master core competencies, but may be assigned mission specific competencies for which additional training is required.

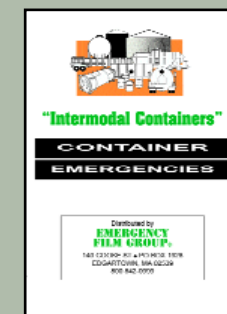

**Hazmat Containers.** To deal with leaks and spills, responders must have a thorough knowledge of hazmat containers and their features. The most comprehensive study of hazmat containers available anywhere. DVD. \$275. Also available as Video-on-Demand.

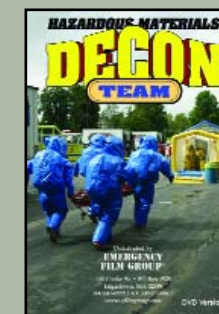

**Hazmat Investigation.** Part of hazmat and WMD missions is to recognize, preserve, document, and collect evidence. This series offers a systematic approach to investigating explosions, hazmat, and WMD events. 2 DVDs plus 2 Books. \$395.

**Terrorism: Radiological Weapons.** The threat of a dirty bomb is a real concern. Responders must know how to protect themselves during an attack with a weapon using radiological materials. DVD plus Guide. \$450.

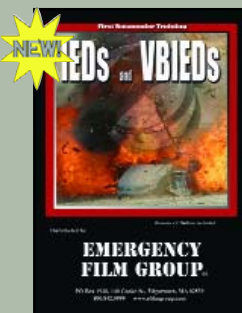

**Intermodal Containers.** Emergency responders can never be sure what is inside these containers so must be prepared for any eventuality. Covers the features and markings for both box and tank containers. DVD plus Textbook. \$425.

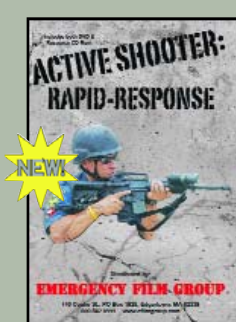

**Decon Team.** Mission specific training for setting up and implementing decontamination operations at hazmat incidents. Includes ambulatory and non-ambulatory patient decon as well as responder decon. DVD plus Guide. \$425.

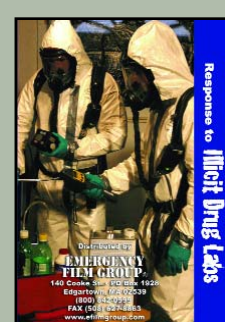

**Patient Decon.** Mission specific training with detailed information on safe work practices for decontamination of ambulatory as well as non-ambulatory casualties of WMD incidents. DVD. \$395.

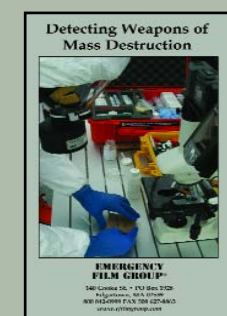

**IEDs and VBIEDs.** An exciting and informative way to strengthen IED attack deterrence, prevention and protection. Covers pre-detonation and post detonation response. DVD plus Instructor's CD-Rom with Powerpoints. \$450. Also available as Video-on-Demand.

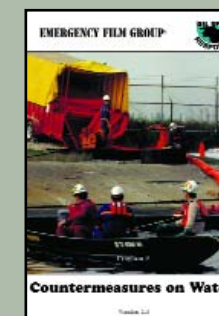

**Active Shooter: Rapid Response.** Compelling training that combines realistic training scenarios with footage of actual mass shooting events. DVD with bonus 5-minute segment on "Tactics" plus Instructor CD-Rom. \$425.

**Response to Illicit Drug Labs.** The hazards and risks of active labs, boxed labs and dump sites. Covers PPE, decon, discovering labs during routine response activities. DVD plus Instructor's CD-Rom with PowerPoints. \$450.

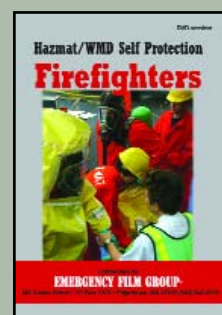

**Detecting Weapons of Mass Destruction.** Air monitoring and sampling protocols for WMD incidents. Covers uses, limitations, and advantages of a range of instruments. DVD plus Instrument Guide. \$450.

**Countermeasures on Water.** Oil spills on water pose particular challenges to response personnel. Provides a comprehensive examination of the principal countermeasures used to safely mitigate spills on water. DVD. \$325.

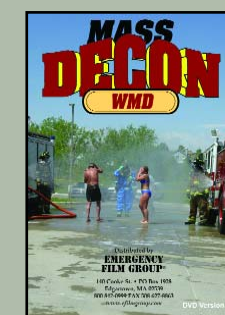

**Tactics.** When dealing with hazmat releases or WMD attacks, control and mitigation missions may call for a wide range of tactics. A comprehensive review of fire suppression, leak and spill control defensive tactics. DVD. \$275.

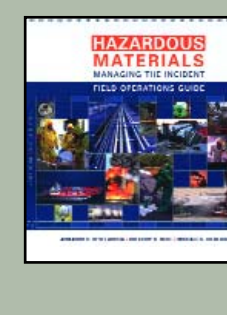

**Hazmat/WMD Self Protection for Firefighters.** Selecting and using the correct respiratory protection and protective clothing to suit the hazards and the situation. DVD plus Instructor's CD-Rom with Power-Points. \$395. Available as online training.

**Air Monitoring.** This series examines contamination assessment and the direct reading instruments used in hazmat response: CGIs, O<sub>2</sub> meters, detector tubes, survey instruments & radiation meters. 2 DVDs plus Textbook. \$545. Also available as Video-on-Demand.

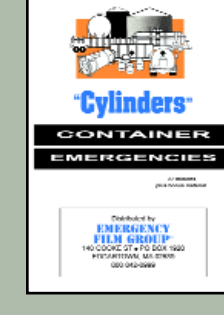

**Mass Decon.** Implementing decontamination operations during terrorism or other mass casualty events. Covers modesty issues, ambulatory and non-ambulatory patients, and hypothermia issues. DVD plus Guide. \$425.

**HMMTI Field Operations Guide.** By Toby Bevelacqua. An incident scene reference guide to strategic and tactical decision making. Guide. \$28.

**Special Operations for Terrorism and Hazmat Crimes.** By Chris Hawley, Mike Hildebrand & Greg Noll. For emergency responders who conduct tactical operations at crime scenes involving hazmat/ WMD. Book plus CD-Rom. \$36.

**Cylinders.** When handling incidents involving leaking cylinders, responders need an in-depth knowledge of these compressed and liquefied gas containers, their features, and basic response procedures. DVD plus Textbook. \$425.

Other book titles available online and in our bookstore on pages 36-37.
