Confined Space Emergency 3 DVDs plus Guide \$795

Three titles provide a comprehensive examination of response issues in a confined space emergency. Addresses the OSHA & NFPA standards. Titles available separately or as a series.

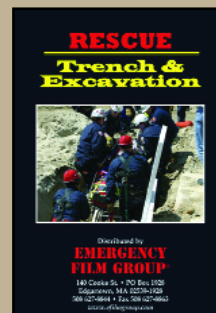

- **Understanding Confined Spaces.** Discusses the hazards associated with a confined space, how to develop an entry plan, and responsibilities of the entry supervisor, the entrant and the attendant. **\$325.**
- **Confined Space & the First Responder.** Teaches first responders, who typically are not trained or equipped to enter a confined space for rescue, how to deal with a confined space accident in a safe and effective manner. Covers non-entry rescue techniques. **\$325.**
- **Confined Space Technical Rescue.** Designed for personnel at the Technician Level who may be required to enter a confined space for rescue purposes. Covers specialized equipment, air monitoring, retrieval systems, and more. Portrays both workplace and community incidents. **\$325.**

Whether a trench rescue, a confined space rescue, firefighter Mayday, contaminated victims, or a mass evacuation, responders need specialized skills and training.

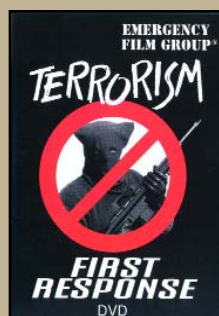

Technical Rescue: Awareness. Awareness level training for those first on the scene at a technical rescue incident. Covers confined space, rope, structural collapse, trench, water, wilderness, and vehicle and machinery rescue. **DVD plus Leader's Guide. \$425.**

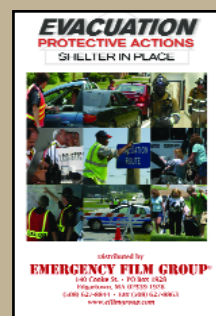

Trench & Excavation Rescue. Operations and technician level training for trench rescue teams. Studies collapse patterns, hazards, size-up, safety issues, sheeting and shoring, digging procedures, and victim management. **DVD plus book. \$425.**

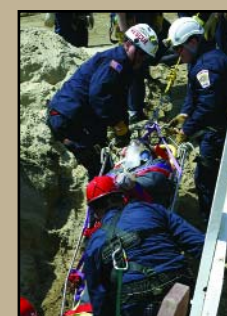

Rapid Intervention Teams. Emergency responder rescue team operations. Covers the role, responsibilities, and make-up of the team; deployment; specialized equipment; communications, search and extrication techniques. **DVD plus Leader's Guide. \$425.**

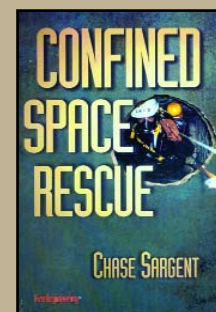

Terrorism: 1st Response. Actions for those first on the scene of a terrorist attack. WMD recognition, size-up, perimeter control, rescue, incident command, and evidence preservation and documentation. **DVD plus Leader's Guide. \$450.**

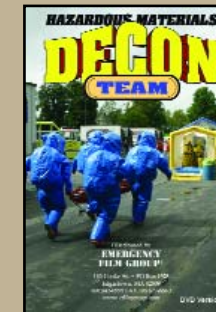

Protective Actions: Evacuation/Shelter in Place. The decision-making process for protective actions during serious situations like floods, hazmat releases, or terrorist events. **DVD plus instructor's CD-Rom with Powerpoints. \$450.**

Technical Rescue Package. A study of the skills and knowledge needed to safely locate & extricate victims. Addresses NFPA requirements for competencies. See complete list of titles included on our web site. **6 DVDs plus 4 texts and 3 Guides. \$1,595.**

Confined Space Rescue, by Chase Sargent. Offers a comprehensive guide to the most dangerous of rescue disciplines, covering hazardous atmospheres, detection equipment, PPE, ventilation, retrieval systems, and entry. **Book. \$39.**

Decon Team. Decontamination operations at hazmat incidents including emergency, gross, and technical decon. Shows ambulatory and non-ambulatory patient decon as well as responder decon. **DVD plus Guide. \$425.**

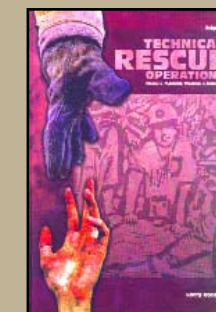

Mass Decon. Implementing decontamination operations during terrorism or other mass casualty events. Covers need for speed, modesty issues, ambulatory and non-ambulatory patients, and hypothermia. **DVD plus Leader's Guide. \$425.**

Trench Rescue, by Buddy Martinette. Detailed analysis of all aspects of trench rescue, from decision making and soil types to equipment. Includes technical illustrations, 96 photos, a model SOP, and tactical worksheets. **Book. \$55.95**

Technical Rescue Operations, Vol I: Planning, Training & Command, by Larry Collins. One of the nation's leading rescuers explains how to develop, manage and operate a modern rescue system. Includes case studies and sample SOPs. **Book. \$69.**

Technical Rescue Operations, Vol II: Common Emergencies, by Larry Collins. How to handle complex rescue operations involving terrorism, structure collapse, water rescue, mud and debris flow, and helicopter rescue. **Book. \$69.**

Other book titles available online and in our bookstore on pages 36-37.
