

# Homeland Security

## NEW Facility Emergency Management \$395

No matter what kind of incident occurs at a facility - whether fire, toxic leak, or mass shooting - an organization's emergency managers must be prepared to take steps to protect those within the facility. This new emergency program helps companies to create and implement a facility action plan. It covers the emergency management structure, the roles of the emergency management team, actions to take to maintain control of an incident, and working with emergency responders. The Model Procedures Guide on CD-Rom includes Powerpoints, a copy of the script, job action sheets, and extra resources to help set up a plan. **DVD plus Guide on CD-Rom. \$395.**

## ICS for Industry

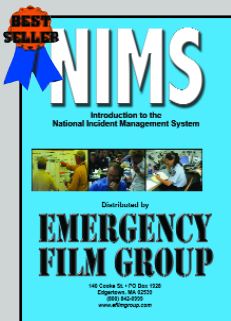

Learn to manage incidents of all sizes & protect the reputation of your business! Titles available separately or as a series.
